

## MEMORIAL SENT TO ROOSEVELTS

Expression of Regret and Sympathy First Goes To Arizona Governor.

Phoenix, Ariz., Jan. 17.—The memorial of regret and sympathy, adopted by the Arizona legislature following the death of Col. Roosevelt, has gone to the governor for transmission to the Roosevelt family at Oyster Bay.

There was much discussion today of the bill to increase the pay of teachers and of women generally throughout the state. One by representative Dean McKay, of Gila county, introduced in the house yesterday, provided for an increase of the minimum wage for women from \$10 a week to \$12 a week. This would apply to employees in shops, stores, restaurants, etc.

Along the same line is the bill introduced by representative Hays, of Pima county, which would increase the minimum salary for teachers, at the same time providing for an increase of the minimum salary for women from \$10 a week to \$12 a week. This would apply to employees in shops, stores, restaurants, etc.

To Clear Up Credentials. There was confusion at the start of the legislature over the credentials of the members, many of whom had received in documentary evidence of their election, taking their seats early through an accepted understanding that they had received endorsement by their constituents. The same condition has been known to almost every legislature heretofore to represent the state in the legislature. There is suggestion of an amendment that would make the issuance of a legislator's certificate of election come from the office of the secretary of state.

A bill to amend the act of 1902 in the state is in the hands of the secretary of state. It is suggested that the act be amended to limit the fee of interpreters to \$2 a day in lower courts and \$2.50 in justice's courts.

World Keep Water Courses Clear. In the senate a bill by Wilkinson is directed at land owners who block natural water courses and thus assist in the flooding of the state. The bill is directed at a situation that has been the cause of much trouble in the state. It is suggested that the bill be amended to limit the fee of interpreters to \$2 a day in lower courts and \$2.50 in justice's courts.

House Committee Voted. The house today adopted a resolution, directing the committee on the subject of the election of judges to report to the house on or before the 25th inst. The committee on the subject of the election of judges to report to the house on or before the 25th inst.

## Corporations Ousted May Be Allowed Return

Measure To Be Debated In Texas Legislature; Many Bills Introduced.

Austin, Texas, Jan. 17.—That a measure is soon to be discussed providing for the readmission of certain corporations that have been ousted from Texas for violations of the Texas anti-trust laws, is practically certain. From what can be learned it will have many strong supporters. One particular concern is a large text book publishing house. It is said. There is also being prepared a bill providing for the repeal of the laws passed at the last regular session of the legislature for the establishment of the state of Texas in the Kingsville and Alpine. The author of this bill is representative Pope, of Kingsville.

While these bills were passed at the regular session of the 35th legislature, a later act was passed at the fourth call of the legislature, which provided for the readmission of corporations that had been ousted from Texas for violations of the Texas anti-trust laws. This would correct the "bug" from Nogales to Texas and would give Arizona a long stretch of coast and several harbors on the Gulf of California.

## N.M. Senators To Hear 'WETS'

No Rush On U. S. Prohibition; Governor Is Going Over Budget Fund.

Santa Fe, N. M., Jan. 17.—The senate of New Mexico will not hasten consideration of the national prohibition amendment when the legislature reconvenes next Monday, having adjourned yesterday until the first of next week. Time for hastening in past, Nebraska having beaten New Mexico under the wire by being the last state necessary to ratify the amendment in order to make the national dry. The senate next week will receive the opposition argument, presented by New York hotel men.

The governor has commenced what is expected to be three weeks of "dry" work. The executive's recommendations as to increased educational expenditures, the state highway building and other things will call for increased money and the governor is expected to make his program of economy in other directions, while he believes the taxpayers will not object to a slightly increased burden for better roads and schools. Committee assignments in the house will probably be announced early Monday.

Speaker Sedillo announced the appointment of Frank Winston, Sierra, as an additional member of the committee on rules. Robertson, Democratic leader, said that Winston was satisfactory to the house.

The entire house list of employees was adopted, but Democrats refrained from voting. Speaker Sedillo announced that he had been working very hard on the list of committees of the house, but had been unable to complete them, and that there would be no announcements made until Monday or Tuesday of next week.

The new house list of employees, as finally amended by the caucus and passed by the house, made changes from the previously published list, as follows: Bureau of Public Institutions, Salazar; Bureau of Public Institutions, Salazar; Bureau of Public Institutions, Salazar.

## Prohibitionists Agree On Bone Dry Federal Act

Propose Law to Destroy Every Vestige of Beverage Liquor Traffic.

Chicago, Ill., Jan. 16.—A bulletin was issued last night from National Anti-Saloon league headquarters, which declared that the 25 prohibitionists, who were expected to meet in Chicago, had agreed on a bone dry federal act to be presented to congress. Textually, it will include these provisions: Appointment of federal commissioners to enforce the act, with power to prescribe the rules and regulations for the manufacture and distribution of wine for sacramental purposes and alcohol for non-prohibitive purposes. Fixing of adequate penalties for violation of the act.

The transportation, importation, exportation and possession of intoxicating liquors for beverage purposes to be prohibited. Each other provisions as will "destroy every vestige of the beverage liquor traffic throughout the United States and its possessions."

## WILLIAMS UITS AT FOLLETTE

Plays Senator As Disloyal Proceedings Against Him Are Dropped.

Washington, D. C., Jan. 17.—Yesterday's senate vote by which disloyalty charges brought against senator La Follette of Wisconsin were dismissed was preceded by a vigorous attack upon the La Follette speech (before the Neopatrian league at St. Paul, in 1917) by senator Williams, of Mississippi.

It is an everlasting lie that the people of the United States want to see a law enacted which will make it a crime for a citizen to speak the truth. It is an everlasting lie that the people ever sent their boys to the front in order that rich Americans might ride on ammunition boats.

## Hearings On Ford Contest To Be Public

Counsel Charges Newberry Campaign Expenses Talled About \$500,000.

Washington, D. C., Jan. 17.—In taking up Henry Ford's petition, concerning the election of Truman H. Newberry to the senate from Michigan, the senate elections committee decided today to hear all evidence in open session. The first thing the committee did was to adopt unanimously a resolution by senator Ashurst, of Arizona, Democrat, for public hearings.

A sharp conflict developed over the right of the committee to decide a contest for a seat in the next senate. Chairman Pomeroy said the question would have to be settled later.

Alfred Luckin, Ford's counsel, declared that the acknowledged expenditures of \$500,000 in the Newberry campaign were "only a fraction" and charged that they actually reached about \$100,000.

Ballots at Marquette and Saginaw already had been destroyed or removed, he said, and correspondence of the Newberry campaign mail cars had been burned.

It follows that every day's delay is dangerous, said Mr. Luckin.

Caranza Refers To "Unvanquished Enemy" Now Operating Abroad. Washington, D. C., Jan. 16.—President Carranza's manifesto to the Mexican people, urging that the presidential election be deferred at least until the end of the present year, was received Thursday at the state department. It refers to organized bodies of Mexicans operating abroad as "an unvanquished enemy" and says the work of offsetting their efforts should not be hampered by the obstacles of an electoral campaign.

MEXICANS CROSS LINE. FEARING REBELS RETURN. Palenque, Yuc., Jan. 17.—Following the occupation of Guadalupe, opposite here and 50 miles southeast of Yucatan, by followers of Felipe Angeles Wednesday night, the town was deserted. Many of the rebels came to the American side of the line, fearing a return of the mounted and armed men who are believed to have been recruited by Felipe Angeles at Palenque.

CASTRO SEES MONEY. Reports from Chihuahua are to the effect that Gen. Jesus Augustin Castro, commander of the military zone which includes the state, has gone to Mexico City to see president Carranza, or has made representations to the latter regarding his plans of money for the back pay of soldiers of Gen. Murguía who is in the same command.

RAISE DUTY ON COTTON. The Mexican government, say press reports, has raised the export duty on cotton from 2 cents to 3 cents per kilo of two and one-fifth pounds to 10 cents of the same amount. This affects the cotton growers of the great Laguna district about Torreon, Mex., as that is the great cotton growing district of that country.
